The City of Lewiston is making this digital mapping data available to you at no cost, a nominal fee may be collected by the city to cover preparation, processing, and or handling, media, and postage. Clients should not be billed for this data acquisition beyond any above-mentioned fee.

General disclaimer:

GIS map data acquired from the City of Lewiston, Maine. Aerial Photography and mapping compilation performed by James W. Sewall Co (JWS). by photogrammetric methods from aerial photographs dated April 9, 2006. Planimetrics and topography features as delivered by JWS meet ASPRS Class 1 accuracies for 1"=100' mapping. Horizontal datum: NAD83 State Plane Maine West, Vertical datum NAVD 1988. Units: Feet. The City of Lewiston staff performs periodic updates to capture ongoing changes, and makes considerable effort to keep planimetric and cadastral GIS features current for the applicable tax year. Recent changes in the field may not be reflected in the mapping as delivered. Field verification is recommended. The Parcel overlay is intended for reference only, and not for property description, delineation, or transfer. The City of Lewiston shall not be held liable for damages due to discrepancies.

By accepting and using this data, you agree to the terms that this data shall not be distributed to other parties, other than the 'owner', for which this data is originally obtained for. The enclosed data is intended for utilization for the project or related projects, for which it was requested and authorized by the City of Lewiston. Any other use or distribution requires written permission from an authorized representative of the City of Lewiston.

If you have any questions, please call or email.
